PROFILE

Passionate Full Stack Developer based in Neyshabur with expertise in building dynamic, user-friendly websites and applications. My journey in web development began in 2024 while pursuing my degree, where I gained hands-on experience through startup collaborations and team-based projects. I am committed to continuous learning and using my creativity to develop efficient digital solutions that enhance user experiences and simplify everyday tasks. I am eager to apply my skills in both front-end and back-end technologies to create meaningful web applications that make a difference.
